ClearAppeal and SofTrace

Specification luminaires

Trusted solutions with added flexibility

Day-Brite CFI ClearAppeal and SofTrace recessed luminaires have been improved to better meet your needs. Featuring increased efficiency, easier lens installation, built in air return, and integral controls options, these products now also share a common housing as an added bonus for job flexibility.

This gives you the peace of mind that you've specified the right luminaire for the job, while still providing a range of options. Save the hassle of comparing troffer after troffer, and just choose either of these specification luminaires for the performance you want and the versatility you need.

ClearAppeal and SofTrace luminaires are Designlights Consortium® qualified. Please see the DLC QPL list for exact catalog numbers www.designlights.org/QPL

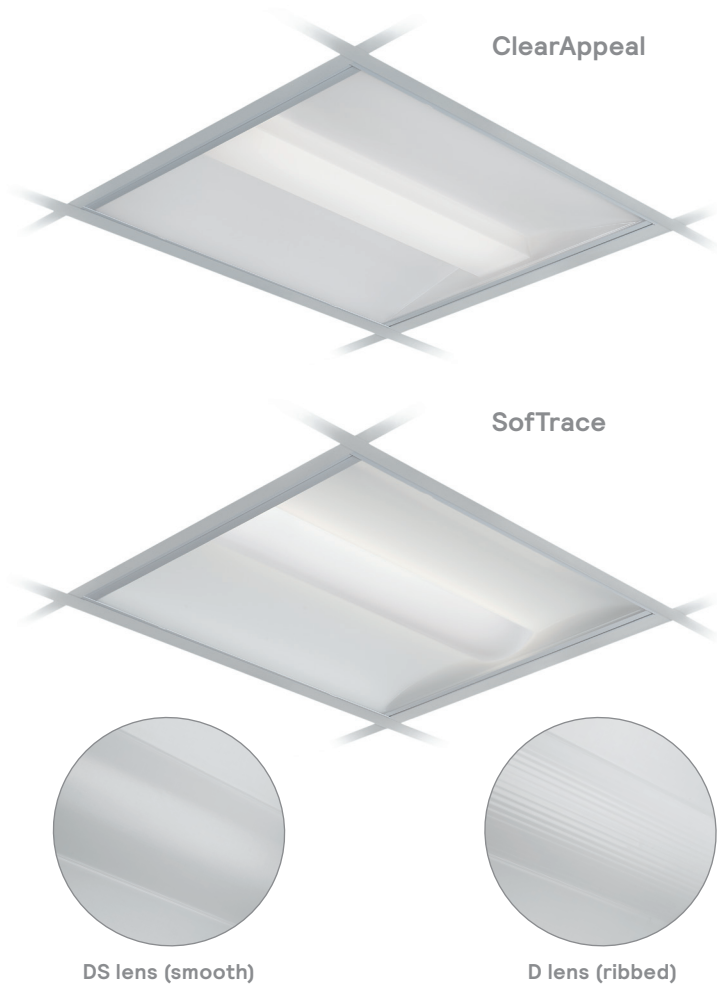

interact
ready.

Same look, more to offer

Choose the ClearAppeal lens or the ribbed or smooth SofTrace lens for your desired aesthetic. All have been redesigned to be full-width lenses and share the same common housing unit. The lenses slide in with ease and provide uniform soft illumination, so occupants can enjoy a comfortable atmosphere. Highly efficient and long life LED technology helps to reduce energy-related costs, while dimming and optional integral controls provide additional savings. Don't waste anymore time. Just spec ClearAppeal or SofTrace and enjoy the results.

- Both luminaires available in 1x4, 2x2, and 2x4
- Standard & high efficacy models available
- Full-width luminous lens for smooth comfortable lighting
- Families combine to offer 3 lens choices
- Air return functionality is standard on all sizes/models
- Integral controls options include:
 - SpaceWise DT
 - Interact Pro
 - Interact Office Wired
 - Interact Office Wireless
- Ideal for office, institutional, and healthcare applications where energy savings and a customized atmosphere are desired
