

A stand-out style with a reserved minimal look

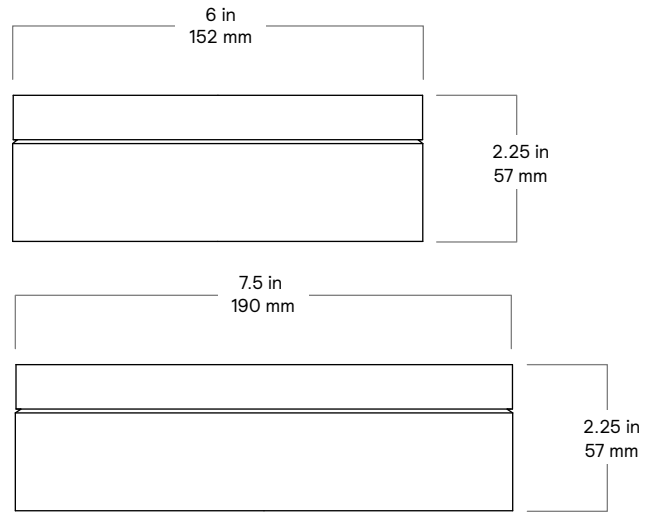

Pure geometric form that features clean lines, sharp edges and seamless transitions provide an elegant yet strong presence.

Vetro decorative elements allow for a customized appeal to commercial downlighting. Multiple colors and textures in a modular design allow customers to select the look they want to capture the true architectural appeal in the space. Compatible with LyteProfile and Calculite 4" and 6" downlights and are an ideal final touch touch for office, hospitality, retail, and healthcare applications.

D4P & D6P Vetrol Accessory

Round decorative elements for Calculite & LyteProfile 4" & 6" downlights
