GENLYTE SOLUTIONS

a signify business

Commercial Building Product Guide

2025

Tackle your lighting project quickly

Tight project timelines can't hold you back; get quality lighting delivered within 5-10 shipping days. Our solutions can light the way for your next project with the Design Ready portfolio.

The selected QuickShip high performance luminaires from Genlyte Solutions brands include Lightolier, Day-Brite, Chloride, and Stonco offerings.

Illuminate your space with ease

Genlyte Solutions provides the lighting solution for every project. Whether it's lighting and connecting your public spaces, giving your space an energy-saving upgrade, or working on a yet-to-be constructed project, we've got you covered. Our Design Ready portfolio makes it easy for you to find highly configurable lighting with modern designs within your timeline and your budget.

ModuLyte

Benefit from budget-friendly, commercial grade quality downlighting

Frame-optional design architecture and modular optics that can be field or factory-installed, you can be confident that ModuLyte is equipped to support a variety of project conditions.

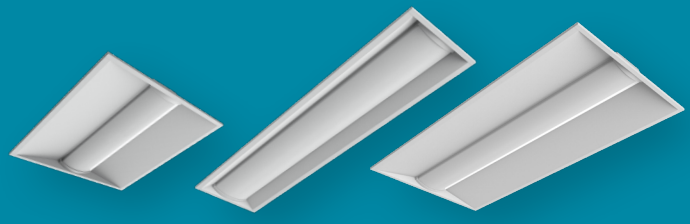
Meet deadlines and project schedules without the stress by quickly connecting the light engine to its driver via a screw-on Communications Multipurpose Plenum (CPM) cable.

Selectable CCT and lumen output options create peace-of-mind during design and installation. Convenient switches make it easy for contractors to toggle between options to ensure lighting creates the right environment on any project.

Selectable Troffer (DSRT)

Robust low glare luminaire designed to provide three lumen and three CCT field selectable options per size at 80CRI. Available for use in recessed, suspended, and surface mount applications with optional daylight and occupancy sensor.

DSRT is 120-277V (UNV), with 0-10V dimming, and a 3in deep housing.



Commercial building applications

Around the clock lighting solutions

Lighting is more than just a necessity; it's a vital component that can significantly impact a business's success. Invest in superior lighting solutions to transform a commercial space into a vibrant, efficient, and safe environment.

At **Genlyte Solutions**, our portfolio of lighting brands offers the perfect solutions to create an optimal commercial environment. Explore our product suggestions to elevate your space and foster a more productive and comfortable atmosphere for your team and customers.

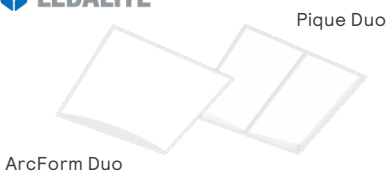
Reception Area

LEDALITE



ArcForm Duo & Pique Duo

- Flawless lens aesthetic with premium metal trims with a budget friendly price point
- Best in class efficacy with AccuRender CRI 90+ technology
- Low weight for ease of handling

Design ready

LEDALITE

SilkSpace Definition

- High efficiency with a fully luminous optic, minimizing harsh shadows
- Accessible from the bottom with lift-and-shift lenses
- Interact Ready
- Available in traditional and uncommon grid sizes

Design ready

LIGHTOLIER

THC & THP Track Heads

- Molded polycarbonate track attachment fitting and push tab
- Solid brass movable contact
- Integrated heat sink: Passive cooling, integrated into optic and driver housing
- (Matte) white and black finishes

Stock ready

LIGHTOLIER

LyteProfile

- Utilizes UniFrame, Lightolier's adaptable single frame solution
- Multiple finishes, styles, flanges, shapes, and sizes (4"/6") available
- CRI 90+
- Controls solutions from basic to advance connected networks

Stock ready Design ready

LIGHTOLIER

ModuLyte Downlight

- Field interchangeable downlight and lensed wall wash optics
- 59° physical cutoff provides reduced high angle glare and low UGR to optimize visual comfort
- Field selectable for 5 CCTs and up to 3 lumen levels

Stock ready Design ready

LIGHTOLIER

ModuLyte Cylinders

- Excellent combination of aesthetic and lighting appeal with field modularity
- Designed for use with standard ModuLyte recessed Downlight
- Field selectable for 5 CCTs
